

Dear Members, Partners, and Friends:

Amid all the health, economic, and social upheaval catalyzed by Covid-19, we want you to know that McMinnville's Stable Table is working on your behalf.

As Economic Development leaders, we know so much of your focus has been on your employees. We also want to make certain you are making the time to concentrate on you, your business, and planning. Nobody knows your business like you do, so stay involved and practice active communication with the people you trust, your partners, employees, and peers.

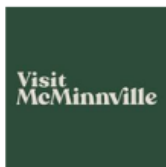

We encourage you to talk with your financial institutions, landlords, accountants, and utility providers to discuss options. Most will be willing to discuss your situation and determine the best course of action. Try not to take on additional debt, manage your cashflow, and preserve your capital.

You don't have to come up with all the solutions. Know that our organizations are all working to stay updated, so we may continue to serve you. We're all in this together and are here to help, be that information, direction, or just conversation. We will continue to work locally, regionally, and at the state level, on advocacy, and to keep updates and resources flowing to our business community.

We will weather this together.

Thank you and be well.

Your Partners in Business,

Jeff Knapp
Executive Director
